

United States Embassy Belize

Press Release

October 18, 2004

THE UNITED STATES GOVERNMENT HAS AWARDED THE CONSTRUCTION OF ITS NEW EMBASSY IN BELIZE

The American Embassy is pleased to inform the general public that the United States Government, through the U.S. Department of State, Bureau of Overseas Buildings Operations, has awarded the contract to build its New Embassy Compound in Belmopan, Belize to Fluor Intercontinental DBA JAJI, LLC.

Fluor Intercontinental DBA JAJI, LLC was selected from among 9 U.S. participating companies. Under the agreed upon and signed contract, construction is expected to take 21 months and commence early 2005.

Additional information can be obtained on the following Internet websites:

The American Embassy in Belize looks forward with great anticipation to the commencement and completion of this project, which will enhance and strengthen the good relations between the United States and Belize.

As more information develops closer to "Ground Breaking," the American Embassy will once again issue a press release informing the general public.
